HarperCollins Publishers, United Kingdom, 2006. Paperback. Book Condition: New. 197 x 130 mm. Language: English . Brand New Book. A stunning novel about a brilliant young forger who continually reinvents himself to escape the authorities, described by Chuck Palahniuk, bestselling author of FIGHT CLUB, as the best book I have read in easily five years. Easily. Maybe ten years. Following a near fatal overdose of painkillers, Daniel Fletcher is resuscitated in a Los Angeles emergency room and detained for psychiatric evaluation. Through a series of questions and tests, the psychiatrist must ascertain whether the patient intended to kill himself, or whether he can walk free. What the psychiatrist doesn t know is that Daniel Fletcher is actually John - Johnny - Dolan Vincent, a brilliant young forger who continually changes his identity to save himself from a lifetime of incarceration. Johnny has done such assessments before - many, many times. As he creates an elaborate bluff for the evaluator, Johnny reveals the true story of his traumatic past - a broken family, descent into the sinister world of forgers and criminals, and his one chance of salvation in the beautiful and elusive Molly. But time is running out; as his underworld clients lose patience and the psychiatrist s net closes around him, Johnny has to negotiate the escape act of his life. Evoking the boulevards and strip bars of 1980s LA with cinematic intensity, The Contortionist s Handbook is a darkly hypnotic and stunningly original debut.
