

Spherical Trigonometry: For Colleges and Secondary Schools (Classic Reprint)

Filesize: 2.69 MB

Reviews

The book is fantastic and great. It is definitely basic but shocks in the 50 percent in the pdf. Its been printed in an remarkably basic way and it is just soon after i finished reading this publication in which really changed me, change the way i believe.
(Dr. Lukas Hills DDS)

SPHERICAL TRIGONOMETRY: FOR COLLEGES AND SECONDARY SCHOOLS (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Spherical Trigonometry: For Colleges and Secondary Schools This book contains little more than what is required for the solution of spherical triangles and related simple practical problems. The articles on spherical geometry are necessary for those who have not already studied that subject; for others, they provide a useful review. More than usual attention has been given to the measurement of solid angles. The explanations in connection with the astronomical problems are somewhat fuller than is customary in elementary text-books on spherical trigonometry. I am indebted to Mr. W. B. Fite, Ph.B., Fellow in Mathematics at Cornell University, for his kind assistance in reading the proof-sheets; and to Mr. A.T. Bruegel, M.M.E., of the Pratt Institute, Brooklyn, N.Y., for the pleasing character of the diagrams. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
