Excerpt: . . . it is also intended to use this new method of treatment in the national leprosarium which will be opened during the coming fiscal year. The decision as to apparent cure has in the case of each patient been officially determined, not by officers of the Public Health Service, but by a special parole board which alone has authority to discharge a patient from custody. About 75 patients have been paroled in the last two years. The Public Health Service is now conducting a very careful study of the treatment, making detailed records of all the cases and taking photographs of the lesions once a month. It will naturally require some time, probably years, to determine whether a real cure for leprosy has been discovered. r VIII. ACTUAL STATUS OF THE COMBAT AGAINST AVARIOSIS (VENEREAL DISEASES). The progress that has been made in establishing measures for control of venereal infections has been so rapid during the past few years that it is felt a fairly complete statement of the development of this work should be made at this time. This important phase of public-health work is now receiving not only legislative attention by national governments but by State and city health authorities as well. The part which the Public Health Service has played in this important development may be briefly outlined as follows: In order to meet the responsibility of protecting the health of American citizens, with a view of increasing national efficiency on account...
